## LOCAL MATTERS.

WEATHER PROBABILITIES.—War Department Office of the Chief Signal Officer, Washington, D. C., Dec. 31, 1877—10:30 a. m.—For the Middle States, rising barometer, slightly cooler north and west winds, clear or partly cloudy weather.

THE STORM.—Clouds began to gather on Saturday evening, and during the night rain began to fall heavily, accompanied by a violent northerly and easterly wind. The rain and wind continued during the entire day yesterday and up to a late hour last night, when the wind changed to northwest and the clouds passed away. To day has been clear, bright and beautiful, but the temperature has been cold. The storm of Saturday night and yesterday has been quite severe throughout the State and on the coast. The bridge across Staunton river, on the Midland road, has again been disabled by the washing out of three ties, which will be replaced at once. Passengers will meanwhile be transferred across the break. The bridge across the same stream on the Richmond and Danville road is also reported to have been swept away. On the bay the storm was severe, and passengers on the steamer Lady of the Lake, from Norfolk, reports a rough time, and that Hampton Roads is full of vessels. In this city no damage of any account was done. The water in the river rose over the wharves, but not far enough to reach the warehouses. Owing to bad weather and consequent lack of travel the Washington ferry boat was run at irregular hours.

VISIT TO MT. VERNON.—President Hayes went down to Mount Vernon, on Saturday, on the steamer Arrow. The trip was a very quiet one, the boat passing here without flags, or other signs of the presence of the distinguished passenger. The Washington Post, noticing the trip, says: "The de facto President went down to Mt. Vernon last Saturday, accompanied by his family. It was a touching sight—our model President dropping a tear upon the tomb of his great predecessor. The returning Board President should make it a point to go down every Saturday and commune with the ashes of the Father of our country, by way of penance."

WATCH MEETINGS.—A watch meeting to watch the advent of the New Year will, as usual, be held in the Methodist Episcopal Church to night, commencing at ten o'clock. The congregation of the Methodist Protestant Church will unite in this meeting, and the sermon will be preached by Rev. W. R. Graham. An address will also be delivered by Judge Andrews, of Michigan.

A meeting will also be held in the M. E. Church South, commencing at the same hour, which will be conducted by the pastor, Rev. W. K. Boyle. The services will consist of a sermon, prayer, and the singing of hymns.

THE GEORGETOWN POSTOFFICE.—The Postmaster General settled the Georgetown post-office question during the past week by making it a branch of the Washington office with free delivery, C. J. A. Jeffers, for six years assistant postmaster at Richmond, Va., has been appointed clerk in charge of the Georgetown office. His assistant will be Mr. Geo. Barry, a former clerk in the Georgetown post-office. Messrs. Chas. H. Sawyer, J. C. Eliason and S. W. Delzell, are appointed letter carriers. Twenty nine letter boxes will be put up, and the number will be afterwards increased if it is found necessary.

YESTERDAY.—Owing to the very disagreeable weather yesterday the services in the various churches were very sparsely attended. Rev. Mr. Powell preached at St. Paul's Church in the morning and at Christ Church at night. Rev. Mr. Perry preached at Christ Church in the morning. Rev. Father Sirrog, of Georgetown, preached in St. Mary's Church in the morning. Judge Andrews, of Michigan, postponed his lecture to young men, which was to have been delivered at the M. E. Church last night. He occupied the pulpit, however, and preached a most eloquent and impressive sermon.

NEW INVENTION.—Mr. J. L. Cathcart, of this city, has invented a new style of steering wheel for steamers, which it is claimed is much superior to those now in use, preventing the violent wrenching of the wheelman by sudden lurching of the boat, and showing by an indicator the exact position of the tiller at any time. A specimen wheel was shipped on Saturday to New York, where one of the East River ferry lines will test it. Should the test prove successful the wheels will be manufactured to a considerable number in this city.

L. O. O. F.—The following officers have been elected for the coming term: Potomac Lodge—Wm. Darley, N. G.; C. M. Driscoll, V. G.; Charles Goodrich, Per. Sec.; B. F. Peake, Rep. Sec.; Jas. H. Duvaneh, Treasurer; L. M. Davis, Chaplain.

Sargent Lodge—T. D. Keyes, N. G.; W. A. Nails, V. G.; J. M. Heasley, Rep. Sec.; W. W. Sherwood, Per. Sec.; John A. Field, Treasurer; E. H. Hawkins, Chaplain; E. E. Padgett, Steward.

NEW YEAR'S DAY.—To-morrow, New Year's Day, will, as usual, be only partially observed in this city. The banks and Commercial Exchange will be closed during the entire day, and the postoffice, from 9:30 a. m. until 7:15 p. m. The new year will be ushered in at midnight by the customary ringing of bells, led off by the church on Christ Church. All of the church and fire bells will participate in the ringing, which will commence at five minutes before twelve, toll until midnight and ring until five minutes after that hour.

PERSONAL.—Judge E. M. Lowe, of the Corporation Court, returned yesterday morning from a pleasant visit to Norfolk.

Judge John T. Lovell, the accomplished editor of the Warren Sentinel and the able delegate from that county to the General Assembly, was in this city to day.

Mr. Geo. A. Musbach, the popular member of the House of Delegates from this city, leaves for Richmond to night, to resume his legislative duties.

BIRTHDAY PARTY.—Saturday being the sixty fifth anniversary of the birth of General Albert Pike, a number of his surviving comrades of the Mexican war made it the occasion of a congratulatory call upon him at his residence, on D street, near Sixth, Washington. The affair was entirely informal, and the veterans were cordially welcomed by their old comrade, who, in turn, showered with cordial sentiments of good will and respect and sincere wishes for "many returns of the day."

PEDERSTERNISM.—Three ladies and a gentleman, while standing in front of the Patent Office, in Washington, on Saturday evening, made a wager that they would walk to this city, and starting off, accomplished the feat in a reasonable time, returning home on a late boat. The ladies were, no doubt, incited by the example of Miss Von Hillera, the female walkist, now performing in Baltimore.

SPECIAL BOAT.—As advertised elsewhere, there will be a special boat to Washington to-morrow night, leaving here at 6:45 o'clock, and Washington at 11:30 o'clock. The attractions at the various theatres are great, and the opportunity to visit them will, no doubt, be availed of by a large number of persons.

FEAST OF THE CIRCUMCISION.—To-morrow will be observed in the Catholic Church as the feast of the Circumcision of our Lord. It is a holiday of obligation, and masses will be celebrated in St. Mary's Church at 6 and 10 o'clock in the morning.

CAPTURED.—A negro man, named Morris Jasper, was arrested in Washington, yesterday, and turned over to Officer James Smith, of this city. He is charged with being concerned in the robbery of a gentleman, near this city, a week or two since, and is held at the station house for examination. From certain marks on his person it is believed that he is the man wanted.

DETAINED.—The steamship John Gibson, which cleared on Saturday for New York, was detained here until yesterday evening, owing to a row among her firemen and their subsequent refusal to do duty. Their places were supplied, and the steamer proceeded on her voyage.

BALL TO-NIGHT.—A grand German Masquerade Ball will take place at Sarcopa Hall to night. Every arrangement has been made for the comfort of the guests, and a good time is anticipated.

Local Brevities. Rev. E. M. Southgate, son of Bishop S. Southgate, of the Episcopal Church, who was recently ordained a Catholic priest, has been assigned to St. Stephen's church, in Washington, and has assumed the duties of assistant pastor.

Marriage licenses have been granted in Washington to Samuel Braham and Mary Powell, both of Arlington, Va., and W. C. Baker and Sallie E. Lyby, both of Henrico county, Va.

The amount of flour inspected in this city for the 4th quarter, ending December 31st, was 10,315 barrels of all grades.

To night the President and Mrs. Hayes contemplate the celebration at the Executive Mansion of their silver wedding.

COUNTERFEITS.—A new counterfeit five dollar note on the First National Bank of Baltimore, Pa., has made its appearance. The paper is very thin and color dark. Date February 20, 1864, and bearing signatures of F. E. Spinner and L. E. Chittenden.

About September 20, 1877, a well executed counterfeit five dollar note on the First National Bank of Baltimore, Pa., made its appearance. Upon the face of this note, the letter "S" in the word "dollars" has been blurred, as though done in printing. On the back, the word "owing" is spelled "owning," and the word "thousand" is spelled "thousand."

The Counterfeit Five-Dollar Note on the First National Bank of Baltimore, Pa., is printed from the same counter-plate as the "Tamaqua," and bears the same characteristics, with the exception that the word "owing" has been corrected, but two dots can be discovered over the word.

Missing. NEW YORK, Dec. 31.—It is reported that Arthur Bliz, son of the late Signor Bliz, is missing, and a discrepancy of between \$3,000 and \$4,000 has been discovered in the accounts of the Bishop Gatta Percha Company, of which accounts he had charge.

The government of New Foundland has given notice that the powerful silver currency recently placed at St. Francis will be operated during each minute of the continuance of thick weather or snow storm.

Nine tons of silver and one ton of gold was shipped this morning from the assay office in New York to the Philadelphia mint for the coinage of subsidiary coin.

Nine persons were shot and seriously wounded at a charivari in Monroeville, Indiana, on Friday night.

ANTIQUE ERRORS in this enlightened age and land, find acceptance only with the prejudiced and ignorant. It is impossible, for instance, to persuade any large proportion of a people who have imbibed their ideas of logic in common schools and from academics, that it is expedient to cream their brains with mercury, rasp their bowels with colicynth and jalap, or stupefy their brains with opiate, when a pure, effective, safe, botanic cordial like Hostetter's Stomach Bitters, which relieves every disorder for which the poisonous drugs have been heretofore prescribed, is within the reach of every one. Old fashioned remedies are rapidly giving ground before the advance of this conquering specific, and old fashioned ideas in regard to depletion as a means of cure have quite been eradicated by the use of the great renovator, which tones the system, tranquilizes the nerves, induces sound repose, neutralizes malaria, depurates and enriches the blood, rouses the liver when dormant, and promotes a regular habit of body.
